

# 4-H SWINE

## Superintendents

Shawn Collins, Josh Foote,  
Billy Milton & Brent Peterson

## 4-H MARKET BARROWS AND GILTS

1. Read General Rules & Regulations and Livestock General Rules & Regulations.
2. All animals in this division shall have been born on or after January 1, 2020.
3. The classification for judging will be based upon weight. All barrows and gilts will be weighed as they are checked in opening day of Fair. Swine failing to meet the minimum weight of 220 pounds or exceeding the weight of 290 pounds will be shown in underweight or overweight classes. These animals will not be allowed to compete for champion placing, and will not be allowed to sell in the premium auction.
4. All market barrows regardless of breed will show together. Champion barrow will compete with Champion gilt for determining Grand Champion Market Hog.
5. All market gilts regardless of breed will show together. Champion gilt will compete with Champion barrows for determining Grand Champion Market Hog.
6. Kansas has obtained Stage V status in the National Pseudorabies Program, and the state is classified as free of swine brucellosis. Negative pseudorabies and brucellosis tests are not required for Kansas origin swine.
7. Swine originating from other states please see the "*Livestock Originating from Other States*" general requirements. These requirements are listed on page 40. In addition to the general requirements, all swine entering Kansas must meet one of the following:
  - Originate from a qualified pseudorabies-free/validated brucellosis-free herd. The current qualified/validated number must appear on the CVI. (Hogs from monitored pseudorabies herds do not qualify under this requirement.)
  - Originate from a state of State IV or V status in the National Pseudorabies Program and originate from a Swine Brucellosis free state.
  - Any swine not originating from Stage IV or V National Pseudorabies program states, and any swine not originating from swine brucellosis free states, must show evidence on the CVI that swine have been tested negative to official tests for pseudorabies and brucellosis within 30 days before entry into Kansas, and that the herd of origin has had no positive cases of pseudorabies within the previous 12 months.

**NOTE:** SWINE VACCINATED FOR PSEUDORABIES SHALL NOT BE ALLOWED INTO KANSAS FOR EXHIBITION OR ANY OTHER PURPOSE.

8. The Stafford County Fair is a Ractopamine Hydrochloride (PAYLEAN) free show. Any pigs found to have been fed Ractopamine Hydrochloride will be automatically disqualified and will forfeit any awards and/or premium money.
9. All animals are subject to examination by the exhibition staff or their representatives, and shall be free of clinical signs of infectious or contagious disease. Animals with active lesions, ringworm, infested with mange, multiple warts, or any other infections or contagious disease will not be permitted to show.
